## HOUSE RULES

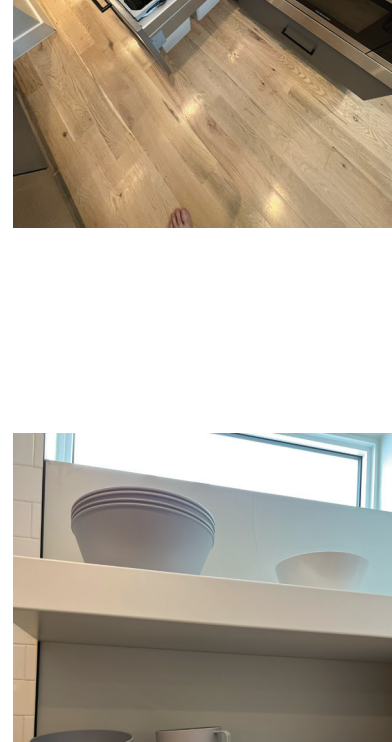

- 1.) Sorry No Parties or Events.
- 2.) No Smoking marijuana or cigarettes inside the house. You can smoke outside on the rooftop.
- 3.) Please no Loud Bass when listening to music.
- 4.) NO Pets inside the house or on the rooftop.
- 5.) You can wear shoes inside the house on the wood floors as long as they aren't wet or have mud on them.
- 6.) Please don't wear shoes inside the bedrooms where there is carpet.
- 7.) Please get written permission if you are wanting to have an extra guest over.
- 8.) Please be careful with the kitchen and bathroom counters. The counters are softer than normal as they are an unfinished quartz and can easily chip or damage. Please do not open up beer bottles using the counters.
- 9.) Please turn off the gas to the fire pit/grill. You have to turn the knob directly on the gas tank to the right, clock wise to close it completely.
- 10.) Quiet hours are from 11 am to 7 am. If you want me to adjust the times just let me know as I can be flexible with the times.

## KITCHEN

### Silverware

Notes: Located above the trash can cabinet by the microwave.

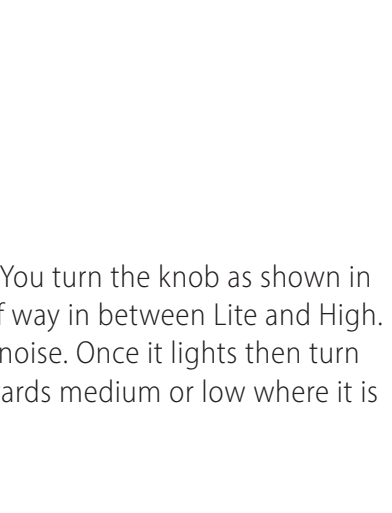

### Trash Bins

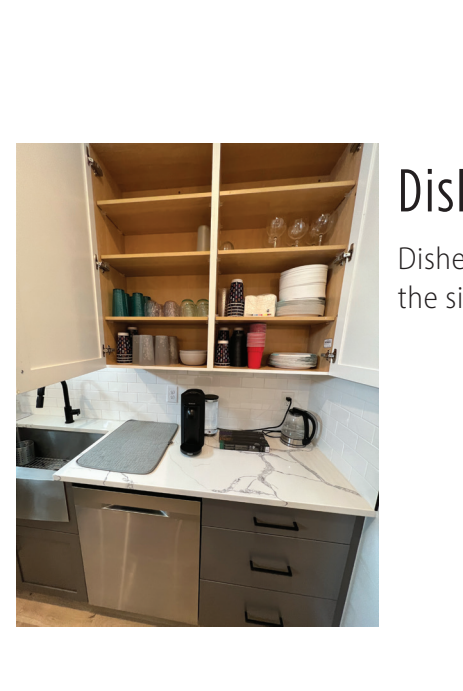

### Soap

The purple soap on the left is hand soap. The white soap on the right is dish soap.

### Dishes

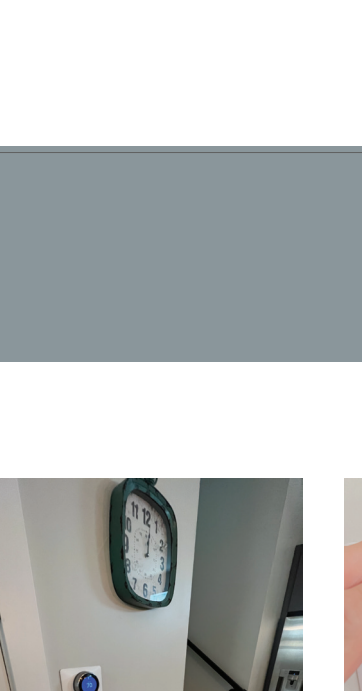

Microwavable Safe

### Gas Stove

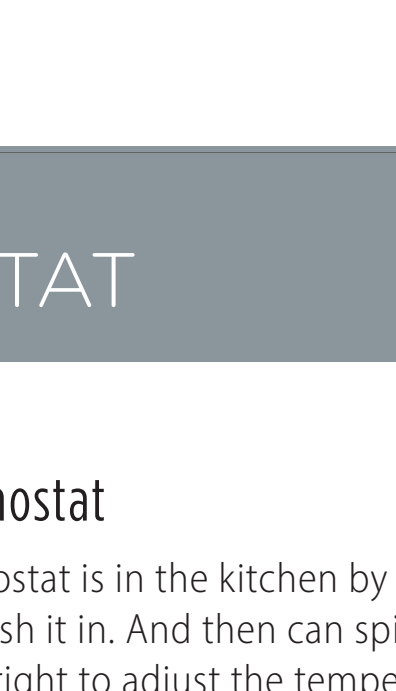

To light the gas stove. You turn the knob as shown in the picture. Turn it half way in between Lite and High. It will make a clicking noise. Once it lights then turn the dial to the left towards medium or low where it is no longer clicking.

Note: To turn off completely, just turn the knob clock wise to the right, all the way to off.

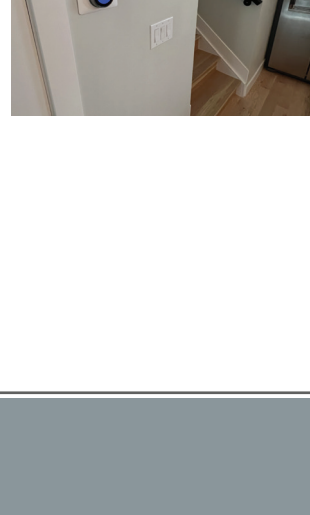

### Dishes

Dishes are to the right of the sink.

### Towels

## THERMOSTAT

### Thermostat

Thermostat is in the kitchen by the fridge. You push it in. And then can spin it to the left or right to adjust the temperature. You may need to select the heat or cold option depending on what you want.

## BEDROOMS

To open the window. You spin that knob counter clock wise. Only open the window half way please.

There is also a LOCK handle on the right side of the windows. This is in the locked position. It will help seal or completely shut the the window along with help minimize outside noise.

Towels are in the night stand.

## FIRE PIT

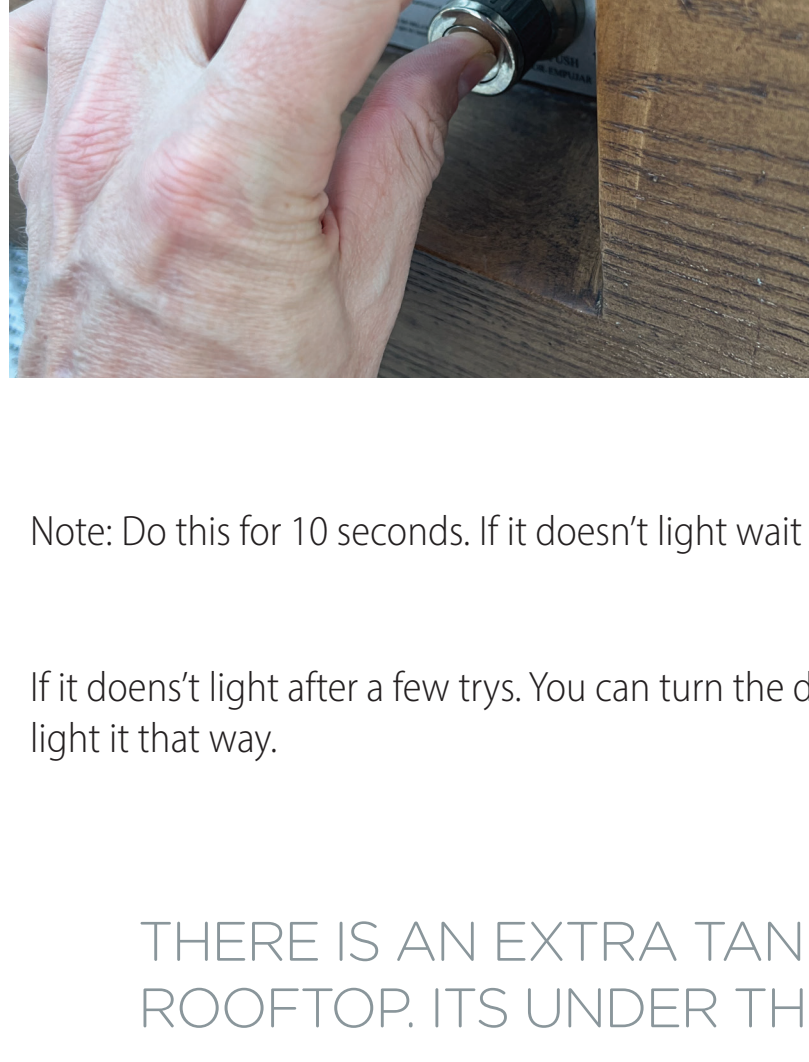

1.) Take off Cover!

You have to take off the cover to light it other wise it can be really dangerous.

2.) Take off the side table. Its a square wood cover thats protecting the gas tank. Lift it straight up to reveal the gas tank.

3.) Turn knob to the left to get release the gas from the tank.

4.) Turn the Dial to the left on the fire pit as shown in the pic.

5.) Push the dial in to release the gas.

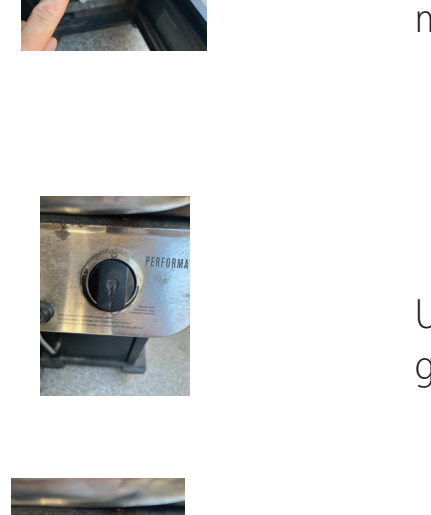

6.) Push the black button which makes it spark.

Note: Do this for 10 seconds. If it doesn't light wait 15 seconds to try again.

If it doesn't light after a few trys. You can turn the dial to the full position and try to light it that way.

THERE IS AN EXTRA TANK OF GAS ON THE ROOFTOP. ITS UNDER THE TARP BY THE AC.

## GRILL-located on the side patio

1.) Turn the gas on by turning counter clock wise (left) on the handle. Please turn off the gas after use by turning it clock wise (right)

TO LIGHT THE GRILL. Turn both the black knobs to the fire icon as shown. Wait 2 seconds, then click the black button in the middle for about 2 seconds.

Usually cook with the knob in this area to get around 385 degrees.

This is the OFF Position. Turn the gas knob off as well when done please.
